

Brighter Future

Give.  
Advocate.  
Volunteer.  
**LIVE UNITED.**

**It takes everyone in the community** working together to create a brighter future. So we bring together people from all across the community – government, business, faith groups, nonprofits, the labor movement, ordinary citizens – to tackle the issues.

**Everyone deserves opportunities** to have a good life: a quality education that leads to a stable job, enough income to support a family through retirement, and good health.

**Advancing the Common Good** is less about helping one person at a time and more about changing systems to help all of us. Living united means being part of the change. We are all connected and interdependent. We all win when a child succeeds in school...when families are financially stable...when people are healthy.

Give an hour. Give a Saturday. Give your best. We all have special talents. Things we can do to help. And when we reach out a hand to one, we influence the condition of all. Whether it's reading to children, or leading financial literacy classes for hard-working families, or delivering meals to homebound seniors, there are hundreds of volunteer options available every day.

**INCOME**

**Promoting Financial Stability and Independence**

As many as one-third of working Americans do not earn enough money to meet their basic needs. These individuals are walking a financial tightrope – barely able to get by; with no ability to save for college, a home or retirement. The United Way Financial Stability Partnership was created to help lower-income individuals and families increase and maximize their income in order to meet daily expenses, as well as to begin the long-term process of saving and building assets.

**Community Partners in Income:**

- Ability Counts, Inc.
- Circle of Hope Shelter
- Corona-Norco Settlement House
- Volunteer Center of Riverside County (2-1-1 Toll Free)
- Corona-Norco YMCA

**HEALTH**

**Improving People's Health**

United Way addresses pressing health and healthcare issues facing communities across the country. Community by community, United Ways and their partners target childhood obesity, health insurance coverage, healthcare quality, childhood immunizations, substance abuse, family violence, oral health or other healthcare concerns voiced by our community.

**Community Partners in Health:**
